APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of a portion of the waters of the Truckee River as heretofore granted under Claim 155, Truckee River Final Decree is issued subject to the terms and conditions imposed in said decree and with the understanding that no other rights on the source will be affected by the change proposed herein. A suitable measuring device must be installed and accurate measurements of water placed to beneficial use must be kept.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is limited to the irrigation of 0.53 acres within the described place of use and not to exceed an annual duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources. The period of use is as decreed.

(CONTINUED ON PAGE 3)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.009 cubic feet per second, but not to exceed 2.12 acre-feet as decreed.

Work must be prosecuted with reasonable diligence and be completed on or before:

July 15, 2006

Proof of completion of work shall be filed on or before:

August 15, 2006

Water must be placed to beneficial use on or before:

July 15, 2010

Proof of the application of water to beneficial use shall be filed on or before:

August 15, 2010

Map in support of proof of beneficial use shall be filed on or before:
